Furthermore, the Shareholders' Nomination Committee proposes that Pertti Ervi be elected as the Chairman of the Board of Directors.

Information about the experience and previous positions of the persons proposed as members of the Board of Directors is available on the Company's website at www.qpr.com/company/board-of-directors.

The Board of Directors proposes to the General Meeting that the fee of the auditor be paid according to a reasonable invoice.

15. Election of the Auditor

The Board of Directors proposes to the General Meeting that Authorized Public Accountants KPMG Oy Ab be re-elected as the Company's auditor. KPMG Oy Ab has announced that Petri Kettunen, Authorized Public Accountant, would act as the principal auditor.

16. Resolution on the amendment of the Articles of Association

The Board of Directors proposes to the General Meeting that Article 6 of the Company's Articles of Association is amended to correspond to the responsibility for the auditor oversight stipulated in the amended Finnish Auditing Act (1141/2015). Further, the Board of Directors proposes that the term of the auditor shall end at the closing of the first Annual General Meeting following the election.

In its amended form, said provision of the Articles of Association would read as follows:

The company has one (1) auditor, which is required to be an auditing company registered in the official register maintained by the Finnish Patent and Registration Office.

The term of the auditor shall end at the closing of the first Annual General Meeting following the election.

Further, the Board of Directors proposes that Article 9 of the Company's Articles of Association is amended to enable holding a general meeting entirely without a meeting venue as a so-called remote meeting in addition to the Helsinki, Espoo and Vantaa. The proposal is based on the changes to the Finnish Companies Act, including the possibility to arrange remote general meetings ensuring that all participating shareholders are able to exercise their full shareholder rights, including the right to present questions and to vote, in real time during the general meeting, irrespective of the chosen general meeting format. The possibility to organize remote general meetings enables the Company to be prepared for rapidly changing conditions in the Company's operating environment and society in general, due to for example pandemics. Moreover, the Board of Directors proposes that the same article be amended based on changes in legislation so that the Annual General Meeting shall, in addition to the current matters listed in the second paragraph of Article 9, if necessary, resolve on the remuneration policy as well as resolve on the adoption of the remuneration report. The running numbers of the current items 6–9 would be adjusted accordingly to numbers 8–11 in the proposed amended article.

In its amended form, said provision of the Articles of Association would read as follows:

The Annual General Meeting shall be held annually in Helsinki, Espoo or Vantaa on the date decided by the Board of Directors, within six (6) months of the expiration of the financial period. The Board of Directors may also decide on organizing the General Meetings of the Company without a meeting venue whereby the shareholders exercise their full decision-making power in real time during the meeting using telecommunication connection and technical means.

In the meeting the following shall be submitted:

1. financial statements, group financial statements and report of the Board of Directors;

2. auditor's report.

The following matters shall be decided upon:

3. adoption of the financial statements and the group financial statements;

4. use of the profit shown by the balance sheet;

5. discharge of liability of the members of the Board of Directors and the CEO;

6. if necessary, the remuneration policy;

7. adoption of the remuneration report;

8. remuneration for the members of the Board of Directors and the auditor;

9. amount of members in the Board of Directors.

The following shall be elected:

10. the members of the Board of Directors; and

11. the auditor.

17. Resolution on the reduction of the share capital

The Board of Directors proposes to the General Meeting that the Company's registered share capital is reduced from EUR 1,359,090 to EUR 80,000, i.e. by an aggregate amount of EUR 1,279,090 and that the reduced amount of EUR 1,279,090 is transferred to the reserve for invested unrestricted shareholders' equity.

Based on the assessment by the Board of Directors, it is appropriate to amend the structure of the Company's equity in order to decrease the proportion of the share capital of the total equity. The reduction of the share capital requires a public notice in accordance with the Finnish Companies Act. The Board of Directors will make all decisions regarding the practical measures related to the reduction of the share capital. The arrangement does not require any measures from the shareholders.

18. Authorization of the Board of Directors to decide on share issues and on the issue of special rights entitling to shares

The Board of Directors proposes to the General Meeting that the General Meeting authorizes the Board of Directors to decide on issuances of new shares and conveyances of the own shares held by the Company (share issue) either in one or more instalments. The share issues can be carried out against payment or without consideration on terms to be determined by the Board of Directors. The authorization also includes the right to issue special rights referred to in Chapter 10, Section 1 of the Finnish Companies Act, which entitle to the Company's new shares or own shares held by the Company against consideration.

Based on the authorization, the maximum number of new shares that may be issued and own shares held by the Company that may be conveyed in share issues or on the basis of special rights referred to in Chapter 10, Section 1 of the Finnish Companies Act is 3,200,000 shares. The proposed maximum number of shares corresponds to approximately 19.4 percent of the Company's registered number of shares at the time of the proposal. The authorization includes the right to deviate from the shareholders' pre-emptive subscription right.

The authorization can be used, for example, in order to develop the Company's capital structure, to broaden the Company's ownership, to be used as payment in corporate acquisitions or when the Company acquires assets relating to its business and as part of the Company's incentive programs for personnel or for any other weighty financial reason for the Company. The authorization also includes the right to decide on the price of the shares and the criterion based on which the price is determined, as well as on the distribution of shares against consideration in kind or set-off.

The authorization also includes the right to decide on a share issue without consideration to the Company itself so that the number of own shares held by the Company after the share issue is a maximum of one-tenth (1/10) of all shares in the Company. Pursuant to Chapter 15, Section 11, Subsection 1 of the Finnish Companies Act, all own shares held by the Company and its subsidiaries are included in this amount.

The Board of Directors is authorized to decide on all other terms and conditions regarding the share issues and the issue of special rights entitling to shares. The authorization shall be in force until the next Annual General Meeting.

19. Authorization of the Board of Directors to decide the acquisition of own shares

The Board of Directors proposes to the General Meeting that the General Meeting authorizes the Board of Directors to decide on the acquisition of the Company's own shares. Based on the authorization, an aggregate maximum amount of 500,000 own shares may be acquired, either in one or more instalments. The proposed maximum number of shares corresponds to approximately 3.0 percent of the Company's registered number of shares at the time of the proposal. The authorization includes the right to acquire own shares otherwise than in proportion to the existing shareholdings of the Company's shareholders, using the Company's non-restricted shareholders' equity at the market price quoted at the time of purchase on the trading places where the Company's shares are traded.

The Company's own shares may be acquired in order to develop the Company's capital structure, to be used as payment in corporate acquisitions or when the Company acquires assets related to its business and as part of the Company's incentive programs for personnel in a manner and to the extent decided by the Board of Directors, and to be conveyed for other purposes or to be cancelled.

The Board of Directors is authorized to decide on all other terms and conditions regarding the acquisition of own shares. The authorization shall be in force until the next Annual General Meeting.
